### **Background Information on the Fund**

Davis Fundamental ETF Trust (the "Trust") is a management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"), consisting of several investment portfolios. This circular relates only to the Funds listed above (each, a "Fund" and together, the "Funds"). The shares of the Fund are referred to herein as "Shares".

**Davis Select Worldwide ETF (DWLD):** The Fund seeks long-term growth of capital.

The Fund is an actively managed exchange-traded fund ("ETF"). Davis Selected Advisers, L.P. ("Davis Advisers" or the "Adviser"), the Fund's investment adviser, uses the Davis Investment Discipline to invest the Fund's portfolio principally in common stocks (including indirect holdings of common stock through

depository receipts) issued by both United States and foreign companies, including countries with developed or emerging markets. The Fund may invest in large, medium or small companies without regard to market capitalization. The Fund will invest significantly (at least 40% of total assets under normal market conditions and at least 30% of total assets if market conditions are not deemed favorable) in issuers (i) organized or located outside of the U.S.; (ii) whose primary trading market is located outside the U.S.; or (iii) doing a substantial amount of business outside the U.S., which the Fund considers to be a company that derives at least 50% of its revenue from business outside the U.S. or has at least 50% of its assets outside the U.S. Under normal market conditions, the Fund will invest in issuers representing at least three different countries. These non-U.S. company investments may include American Depositary Receipts (“ADRs”) and Global Depositary Receipts (“GDRs” and together “Depositary Receipts”). Depositary Receipts are receipts that represent ownership of shares of a non-U.S. issuer held in trust by a bank or similar financial institution.

Davis Select U.S. Equity ETF (DUSA): The Fund seeks long-term capital growth and capital preservation.

The Fund is an actively managed exchange-traded fund (“ETF”). Davis Selected Advisers, L.P. (“Davis Advisers” or the “Adviser”), the Fund’s investment adviser, uses the Davis Investment Discipline to invest the Fund’s portfolio principally in common stocks issued by large companies with market capitalizations of at least \$10 billion. Under normal market conditions, the Fund will invest at least 80% of the Fund’s net assets plus any borrowings for investment purposes in equity securities issued by U.S. companies. The Fund is non-diversified and, therefore, is allowed to focus its investments in fewer companies than a fund that is required to diversify its portfolio. The Fund’s portfolio generally contains between 15 and 35 companies, although the precise number of its investments will vary over time. The Fund may invest a portion of its assets in financial services companies. The Fund may also invest in mid- and small-capitalization companies, which the Fund considers to be those companies with less than \$10 billion in market capitalization. The Fund may invest up to 20% of net assets in non-U.S. companies. These non-U.S. company investments may include American Depositary Receipts (“ADRs”) and Global Depositary Receipts (“GDRs” and together “Depositary Receipts”). Depositary Receipts are receipts that represent ownership of shares of a non-U.S. issuer held in trust by a bank or similar financial institution.

Davis Select International ETF (DINT): The Fund seeks long-term growth of capital.

This Fund is an actively managed exchange-traded fund (“ETF”). Davis Selected Advisers, L.P. (“Davis Advisers” or the “Adviser”), the Fund’s investment adviser, uses the Davis Investment Discipline to invest the Fund’s portfolio principally in common stocks (including indirect holdings of common stock through depository receipts) issued by foreign companies, including countries with developed or emerging markets. The Fund may invest in large, medium or small companies without regard to market capitalization. The Fund will invest significantly (at least 40% of total assets under normal market conditions and at least 30% of total assets if market conditions are not deemed favorable) in issuers (i) organized or located outside of the U.S.; (ii) whose primary trading market is located outside the U.S.; or (iii) doing a substantial amount of business outside the U.S., which the Fund considers to be a company that derives at least 50% of its revenue from business outside the U.S. or has at least 50% of its assets outside the U.S. Under normal market conditions, the Fund will invest in issuers representing at least three different countries. These non-U.S. company investments may include American Depositary Receipts (“ADRs”) and Global Depositary Receipts (“GDRs” and together “Depositary Receipts”). Depositary

Receipts are receipts that represent ownership of shares of a non-U.S. issuer held in trust by a bank or similar financial institution.

Davis Select Financial ETF (DFNL): The Fund seeks long-term growth of capital.

The Fund is an actively managed exchange-traded fund (“ETF”). Davis Selected Advisers, L.P. (“Davis Advisors” or the “Adviser”), the Fund’s investment adviser, uses the Davis Investment Discipline to invest, under normal market conditions, at least 80% of the Fund’s net assets plus any borrowings for investment purposes in securities issued by companies principally engaged in the financial services sector. The Fund is non-diversified and, therefore, is allowed to focus its investments in fewer companies than a fund that is required to diversify its portfolio. The Fund’s portfolio generally contains between 15 and 35 companies, although the precise number of its investments will vary over time. The Fund invests, principally, in common stocks (including indirect holdings of common stock through depository receipts). The Fund may invest in large, medium or small companies without regard to market capitalization and may invest in issuers in foreign countries, including countries with developed or emerging markets. These non-U.S. company investments may include American Depositary Receipts (“ADRs”) and Global Depositary Receipts (“GDRs” and together “Depository Receipts”). Depository Receipts are receipts that represent ownership of shares of a non-U.S. issuer held in trust by a bank or similar financial institution.

A company is principally engaged in financial services if it owns financial services-related assets that constitute at least 50% of the value of all of its assets, or if it derives at least 50% of its revenues from providing financial services. Companies are classified by GICS based on their principal business activity. Revenue is a key factor in determining a firm’s principal business activity. Companies with their principal business activity in one of the following areas are considered financial services firms: banks, thrifts and mortgage, specialized finance, consumer finance, asset management, custody, investment banking, brokerage, insurance, financial exchanges and data, and mortgage REITs.

For more information regarding the Funds investment strategy, please read the prospectus for the Fund.

As described more fully in the Prospectus and Statement of Additional Information, the Fund will issue and redeem Shares on a continuous basis at their net asset value (“NAV”) only in large blocks (each, a “Creation Unit”). Creation Units will be issued and redeemed principally in-kind for securities included in the underlying index. Except when aggregated in Creation Units, the Shares may not be redeemed with the Fund.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for each Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or “ET”) of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Fund describes the various fees and expenses for the Fund’s Shares.

For a more complete description of the Fund visit the Issuer Website.

**Principal Risks**

As with any investment, you could lose all or part of your investment in the Funds, and the Funds’ performance could trail that of other investments. These Funds are subject to the principal risks noted below, any of which may adversely affect the Funds’ net asset value per share (“NAV”), trading price, yield, total return and ability to meet its investment objective. Interested persons are referred to the discussion in the prospectus for the Funds of the principal risks of an investment in the Funds. These include but are not limited to exchange-traded fund risk, focused portfolio risk, financial services risk, foreign country risk, headline risk, large-cap companies risk, and manager risk.

**Exchange Rules Applicable to Trading in the Shares**

Trading in the Shares on MEMX is subject to MEMX trading rules.

**Trading Hours**

The value of the Index underlying the Shares will be disseminated to the data vendors every 15 seconds during the Regular Trading Session.

The Shares will trade on MEMX between 7:00 am and 5:00 pm (EST). Please note that trading in the Shares during the Exchange’s Pre-Market and Post-Market Sessions (“Extended Market Sessions”) may result in additional trading risks which include: (1) that the current underlying indicative value may not be updated during the Extended Market Sessions, (2) lower liquidity in the Extended Market Sessions may impact pricing, (3) higher volatility in the Extended Market Sessions may impact pricing, (4) wider spreads may occur in the Extended Markets Sessions, and (5) because the indicative value is not calculated or widely disseminated during the Extended Market Sessions, an investor who is unable to calculate an implied value for the Shares in those sessions may be at a disadvantage to market professionals.

**Dissemination of Data**

The Consolidated Tape Association will disseminate real time trade and quote information for the Shares to Tape B.

### **Delivery of a Prospectus**

Exchange Members should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Fund. Prospectuses may be obtained through the Fund's website. The Prospectus for the Fund does not contain all of the information set forth in the Fund's Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to its Registration Statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the 1940 Act and in the future make available a written product description, Exchange Rules require that Exchange Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, Exchange Members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by a MEMX member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of [the UTP Derivative Securities] has been prepared by the [open-ended management investment company name] and is available from your broker. It is recommended that you obtain and review such circular before purchasing [the UTP Derivative Securities]."

An Exchange member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to such Exchange member under this rule.

Upon request of a customer, Exchange Members also shall provide a copy of the Prospectus.

### **Suitability**

Trading in the securities on the Exchange will be subject to MEMX Rule 3.7 and other applicable suitability rules. Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

### **Trading Halts**

The Exchange will halt trading in the Shares of a security in accordance with the Exchange's Rules. The grounds for a halt include a halt because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, a halt for other regulatory reasons or due to other conditions or circumstances deemed to be detrimental to the maintenance of a free and orderly

market. In addition, MEMX will stop trading the Shares of a security if the primary market de-lists the security.

### **Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange- traded securities listed and traded on a registered national securities exchange that meet certain criteria.

**AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO-ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.**

### **Regulation M Exemptions**

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Funds’ securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

### **Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)**

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of Shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of Shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or

redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

1. Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
2. Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
3. Except for the identity, number, and price of Shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

#### **Rule 14e-5**

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

1. Such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
2. Purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
3. Such bids or purchases are not effected for the purpose of facilitating such tender offer.

#### **Section 11(d)(1); Rules 11d1-1 and 11d1-2**

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of a Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the Fund complex any payment, compensation or other economic incentive to promote or sell the Shares of a Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B) or (C). (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market

Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of a Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

**SEC Rule 15c1-5 and 15c1-6**

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
